Note: Due to constant engineering improvements, designs and specifications are subject to change without notice.

- * All model above is operating on Automatic Start & Stop Control
- * Constant Speed Control regulation optional at additional price
- * Semi-enclosed wire beltguard included and as standard.
- * Direct On Line Starter for Compressor 10HP and below and Star-Delta Starter for Compressor 15HP and above
- * Baseplate mounted units is also available for models U200AG35, U250AG35 and U300AG35
